

Thank you for your interest in joining International Employment Experts by providing graduating STEM students with opportunities for employment. We are excited to welcome your company's participation in our Virtual Career Expo on April 5, 2017.

This online event is open to all students and alumni from USC's Viterbi School of Engineering with post-graduate degrees. Student participation includes 3900 students with post-graduate Master's degrees, and over 1000 with Ph.D degrees. Most will be seeking a full-time position or an opportunity to network with your organization. Many are foreign-national students.

Programs of Studies include:

- Aerospace Engineering
- Astronautical Engineering
- Biomedical Engineering,
- Civil Engineering,
- Chemical Engineering
- Communication Informatics
- Computer Engineering,
- Computer Sciences including Networks, Data Science, Security, Intelligent Robotics, Game Development, Simulations

- Financial Engineering
- Green Technology
- Industrial and Systems Engineering
- Materials Engineering
- Materials Science
- Operations Research
- Petroleum Engineering, including Geoscience Technologies, Smart Oilfield Technologies
- Product Development
- Smart Oilfield Technologies
- Transportation System

Registration Fees

There are no registration fees if your company has at least one (1) full-time position available for an entry-level STEM position.

Registration includes attendance by one to two online recruiters. We will assign you one (1) online booth per company valued at \$300, with the availability to include your company's logo and job description for recruiting purposes. International Employment Experts will market your company's participation in the event using your company name and logo.

If you discover a talented STEM student through the event and wish to place him/her directly on your payroll we will charge a nominal fee of \$500, or you may choose to employ that person through our Graduate Package. Please consult Angela for details at adicristofaro@internationalexperts.com or by phone 425-452-0264.
